Volume 16, Issue 2 July 2008

Birthday Choreography is here

That's right! The highly anticipated Bday Choreography Training video has arrived! As a matter of fact, no matter what type of stage you have, you will be able to access your Bday Choreography Training from your show! That's right! Now, we know this is exciting, and we know you'll want to play it all the time, but keep in mind: this video is not to be played during business hours. It's a tool for you and your crew to pull together great choreography for your Birthday parties. It's basic, simple, and short...so take 4 minutes and check it out.

Additionally, we will be sending a stand alone DVD as well that can be played in your break area. The main thing about entertaining our Birthday parties: It's all about the Birthday Star. If you smile, have a good time, and treat your Bday kids like stars, you'll do great!

Thanks for all you do. Have lots of fun throwing some great parties for our Birthday Stars!

Robert Gotcher
Director of Entertainment

New Road Show: Head, Shoulders, Knees & Toes!

Enclosed with your Summer Show is a BRAND NEW Road Show CD! What's new about it? Well, we've put on a great new song that kids love: Head, Shoulders, Knees, and Toes! That's right... we've been hearing requests for this one for a long time. We came up with our own version and think it will be high energy and fun for both you and your guests.

"Chicken Dance" is also still on the new CD. Yes, it's license is not up yet, so knock yourself out doing the Chicken Dance along with the new one!

Training for "Head, Shoulders, Knees, and Toes" is also included in your show. Just activate it from your menu or control panel and away we go! Smile, smile, smile! You'd be amazed at how many folks will smile back at you.

Enjoy doing fabulous and interactive Road Shows with our guests!

Please send back your current Road Show CD(s) and hang on to this new one for all of your Road Shows. Look for another new one toward the end of the year!

Check Those Audio Levels!

Remember, audio levels should be reset with each new show you receive. Before your store is open, recalibrate your Symetrix (or Cop Controller). In the Show Room, min= 75dbs, max=95dbs. In your Game Room & Skills Area audio should be set to 75dbs. If you cannot hear the show audio when you walk into our stores, the level is too low.

If you need complete instructions on how to recalibrate your audio, simply log on the BBS and follow the instructions on the next page.

Bulletin Board System

From the back office computer you'll need to do the following....

1. Open internet explorer and then select " Bulletin Board System"

2. Enter your username and password to log in. (If you don't have a username and password then you will need to create one)

3. Once logged in, click on " File Downloads"

4. Now click on " All files"

5. Then click on " Dept 18 Entertainment"

6. Look for the file named " Show audio standards.pdf"

7. Print it out and you are on your way!
